1. IDENTIFICATION OF SUBSTANCE/PREPARATION AND THE COMPANY UNDERTAKING

Chemical Name: 2,5-Diaminobenzonitrile
Product Code: FD32743
Synonyms: -
Recommended uses: For R&D purposes
Supplier: Carbosynth Ltd, 8&9 Old Station Business Park, Compton, Berkshire, RG20 6NE, UK.
Emergency contact numbers:
   Telephone: +44 (0)1635 578 444
   Fax: +44 (0)1635 579 444
   Mobile: +44 (0)7887 998 634

2. HAZARDS IDENTIFICATION

Classification:
Not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008 or GHS.
Not a hazardous substance or mixture according to EC-Directives 67/548/EEC or 1999/45/EC.

Labelling and precautionary statements:
Caution - substance not yet tested completely.

Hazard statement(s): - Not required.
Precautionary statement(s): - Not required.
Hazard symbol(s): - Not required.
R-phrase(s): - Not required.
S-phrase(s): - Not required.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Molecular Formula: C₇H₇N₃
Molecular weight: 133.15
CAS Number: 14346-13-5
EINECS Number: -

4. FIRST AID MEASURES

Eye contact: Immediately flush eye with copious amounts of water for at least 15 minutes. Get medical aid immediately.
Skin contact: Get medical aid. Immediately wash skin with soap and copious amounts of water for at least 15 minutes. Wash
Inhalation: Remove to fresh air. If not breathing give artificial respiration. If breathing is difficult give oxygen. Get medical aid.

Ingestion: Do NOT induce vomiting without medical advice. Never give anything by mouth to an unconscious person. Wash out mouth with water provided person is conscious. Call a physician.

Notes to Physician: Treat symptomatically and supportively.

5. FIRE-FIGHTING MEASURES

Personal precautions: As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear.

Extinguishing media: In case of fire use water spray, dry chemical, carbon dioxide, or alcohol-resistant foam.

Special hazards arising from the substance or mixture: Carbon oxides, nitrogen oxides, cyanides.

Unusual fire & explosion hazards: During a fire, irritating and highly toxic gases may be generated by thermal decomposition or combustion.

6. ACCIDENTAL RELEASE MEASURES

General Information: Use proper personal protective equipment as indicated in Section 8.

Personal precautions: Wear self-contained breathing apparatus, eye protection and gloves. Keep personal hygiene. Avoid contact with skin, eyes and clothing. Avoid dust formation. Avoid breathing dust, vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas.

Environmental precautions: Do not let product enter the drains, other waterways, or soil.

Spills/Leaks: Prevent further leak or spill if safe to do so. Vacuum, sweep up or absorb with inert material and place the material in appropriate container for disposal without creating dust. Ventilate area, clean up spills and wash spill site after material pickup is complete, observing precautions in the Protective Equipment section.

7. HANDLING AND STORAGE

Handling: Wear appropriate protective clothing - see Section 8. Wash hands thoroughly after handling and before breaks. Remove contaminated clothing and wash before reuse.
Use with adequate ventilation. Minimize dust generation and accumulation. Avoid contact with eyes, skin, and clothing. Keep container tightly closed. Avoid ingestion and inhalation. Avoid formation of dust and aerosols. Keep away from sources of ignition. Provide appropriate exhaust ventilation at places where dust is formed. Open and handle container with care. Do not eat, drink, or smoke while handling.

Storage: Store in a cool, dry, well-ventilated area away from incompatible substances. Keep container tightly closed. Keep away from sources of ignition. Refrigerate. Keep cold. Store at 2 - 8 °C.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Contains no substances with occupational exposure limit values.

Personal protection equipment:

- **Eye protection:** Wear appropriate protective eyeglasses, chemical safety goggles or face-shield (min. 8-inch) as described by OSHA's eye and face protection regulations.
- **Skin protection:** Wear appropriate protective gloves to prevent skin exposure, as defined in EU Directive 89/686/EEC and the standard EN 374 derived from it.
- **Body protection:** Appropriate protective clothing, overalls.
- **Respiratory protection:** Where risk assessment indicates air-purifying respirators are required use a dust mask type N95 (US) or type P1 (EN 143) respirator. Respirators and components must tested and approved under appropriate government standards - NIOSH (US) or CEN (EU).
- **Hygiene measures:** Use good working practices. Wash hands and face thoroughly after handling.

9. PHYSICAL AND CHEMICAL PROPERTIES

- **Appearance:** Light brown solid.
- **Odour:** Data not available/does not apply.
- **Odour threshold:** Data not available/does not apply.
- **pH:** Data not available/does not apply.
- **Melting point:** Data not available/does not apply.
- **Boiling point:** Data not available/does not apply.
- **Flash point:** Data not available/does not apply.
- **Evaporation rate:** Data not available/does not apply.
- **Flammability:** Data not available/does not apply.
- **Flammability or explosive limits:** Data not available/does not apply.
- **Vapor pressure:** Data not available/does not apply.
10. STABILITY AND REACTIVITY

Chemical stability: Stable under recommended temperatures and pressures.
Conditions to avoid: Dust generation.
Incompatibilities with other materials: Strong oxidizing agents.
Hazardous decomposition products: Carbon oxides, nitrogen oxides, cyanides.
Hazardous polymerization: Data not available.

11. TOXICOLOGICAL INFORMATION

RTCS #: Data not available.
Acute toxicity: Data not available.
Skin corrosion/irritation: Data not available.
Serious eye damage/eye irritation: Data not available.
Respiratory or skin sensitization: Data not available.
Germ cell mutagenicity: Data not available.
Carcinogenicity: Data not available.
Reproductive toxicity: Data not available.
Specific target organ toxicity - single exposure: Data not available.
Specific target organ toxicity - repeated exposure: Data not available.
Aspiration hazard: Data not available.
Signs and symptoms of exposure:
Skin contact may result in inflammation characterized by itching, scaling, reddening, blistering, pain or dryness. Eye contact may result in redness, pain or severe eye damage. Inhalation may cause irritation of the lungs and respiratory system. Overexposure may result in serious illness or death.
To the best of our knowledge, the chemical, physical and toxicological properties have not been thoroughly investigated.

**Acute toxicity effects:**
Inflammation of the eye is characterized by redness, watering, and itching. Skin inflammation is characterized by itching, scaling, reddening, or, occasionally, blistering.

**Potential health effects:**
- **Eye:** May cause eye irritation.
- **Skin:** May be harmful by skin absorption. May cause skin irritation.
- **Ingestion:** May be harmful if swallowed.
- **Inhalation:** May be harmful if inhaled. May cause respiratory tract irritation.
- **Chronic:** No information found.

12. **ECOLOGICAL INFORMATION**

Data not available.

13. **DISPOSAL CONSIDERATIONS**

Dispose of in a manner consistent with federal, state, and local regulations. Contact a licensed professional waste disposal service to dispose of this material.

14. **TRANSPORT INFORMATION**

**ADR/RID**
Not classified as hazardous for transport.

**IMDG**
Not classified as hazardous for transport.

**IATA**
Not classified as hazardous for transport.

15. **REGULATORY INFORMATION**

This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006.
16. ADDITIONAL INFORMATION

Further information on PPE:
European Standard & performance category markings:

EN143 - Particulates filter.
EN374 - Protects hands against chemicals and/or microorganisms.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process unless specified in the text.
